Year End Shows 2011 – June 21-26

All of our Term 2 dancers participate in our Year End Shows.

This is part of the program in second term and is such an amazing reward for the dancers and all their hard work. There is a series of 7 shows during this date range. Our age 4-9 program dancers will participate in 1 of the 7 shows, dancers 10+ in our recreational program perform in 2 shows (usually on the same day) and our Troupe dancers participate in multiple shows during show week. There is so much time and effort that goes into staging the pieces and working together as a team therefore we do have one show rule: dancers participate in all of their listed shows or they are not able to dance in any. (This rule applies to all dancers dancing in multiple shows). Choreography is specially set on the number of dancers in each class and it is important that the students feel comfortable when heading out to perform. Please pay extra special attention to the detailed show schedule when it is released in Feb '11.

*TICKETS - Rec students have pre-purchased 2 tickets to 1 year end show at the time of term 2 reg'n. Remaining tickets go on sale in the Spring.
